No. 17

FRIENDS ARE SAFE.

Dr. McNary's Home in San Jose
Wrecked but Nobody Hurt

Miss Eliza Wilkins Remained in Southern
California and Missed the Earthquake.

MISS CHARLOTTE BLACK
AND OTHERS HEARD FROM.

On Sunday Paul M. Moore received a telegram from J. D. McNary, of Colusa, Cal., saying:

"Brother and family safe in San Jose. House badly wrecked. No damage here."

This message was dated the 19th, Thursday, and sent from Colusa, which is some hundred and fifty miles north of San Jose, in the Sacramento valley.

Monday Mrs. Walter Powers, of Madisonville, Dr. McNary's daughter, received a letter from home which told of the almost complete wrecking of the house, confirming the telegram that nobody had been hurt, and saying that the family was "living in the back and cooking in the yard." Dr. McNary is a native Kentuckian who moved from Nebo to California some years ago.

Miss Eliza Wilkins, of Madisonville, who left home on the 2nd day of April for a California tour and visit to friends, had expected to reach San Jose on the 10th instant to visit Dr. McNary's family. For some reason her plans changed in time to save her from an earthquake experience. Letters have been received from her dated at Riverside, which is some three hundred miles south of San Jose and entirely out of the region affected, and it is supposed she was there at the time of the disaster.

News also comes of the safety of Mrs. William Walton, Miss Charlotte Black and the San Jose home of Mr. and Mrs. Walton. Mrs. Walton and Miss Black are cousins of Mrs. Jno. B. Atkinson and Mrs. Paul M. Moore. Miss Black, the daughter of Bordertown, N. J., is visiting there. At the Walton home an outside chimney was wrecked and some damage done to the interior but no one was hurt. Another cousin, Mr. A. Newbold, of San Francisco, has been heard from and is safe.

Spalding Kosore, son of Mrs. Vida Kosore, of Madisonville, for whose safety his mother feared, was outside of the disturbed district and is safe. He has written that he was in Montana.

Later news was received by friends yesterday. Miss Wilkins was at Riverside at the time of the earthquake and expects to visit San Jose later.

Dr. White, of Madisonville had been anxious for his brother and wife, who was a Colusa lady. They lived at San Francisco. Dr. White has now heard that all are safe.

A brief letter from Dr. McNary, which was received by Mrs. Powers yesterday, tells of a marvelous escape for the doctor and his wife. When the first tremor came they sprang out of bed. Almost immediately a heavy wardrobe fell, crushing and all, fell upon the bed they had just vacated and before they could leave the room the whole floor sank under their feet. They were on the second floor. How they escaped they cannot tell, but no one in the house was hurt. Besides Dr. and Mrs. McNary, his elder daughter Mrs. Pontius, and Mrs. J. D. McNary, of Colusa, Cal., were in the house at the time.

THREE HOUSES DESTROYED

By Fire at Madisonville Monday—Were Occupied by Negroes.

A fire which came very near being disastrous destroyed three houses occupied by negroes in Madisonville Monday morning, near Baileytown, and for a time threatened the Buckeye spoke factory, and it was only by the heroic efforts of the fire department that the factory was saved.

The houses were owned by W. J. Bailey, and the loss is \$400 or \$500, which was mostly covered by insurance.

GRAND MASTERS' CALL TO MASONS.

Every Member and Every Lodge in Kentucky Asked to Contribute to San Francisco.

The Masons of Kentucky have been called on to contribute to the relief of San Francisco, Cal., as follows:

"Urgent to Freemasons of Kentucky:

"An appalling disaster has overtaken San Francisco, Cal., by which hundreds of thousands of men, women and children have been made homeless, unknown numbers of lives crushed out, and hundreds of millions in property destroyed, with the accompanying suffering that all this entails. The magnitude of the snifering and loss cannot be told or pictured so that a majority of it can be appreciated, yet it appeals to the intelligence and heart of every man and mason with irresistible force.

"The Grand Treasurer, Brother John H. Leathers, Louisville, Ky., will receive contributions and send the same to the Grand Master of California, and the Grand Master devotes trusts that every Mason and Masonic Lodge in Kentucky will not fail to send a contribution to our Grand Treasurer for the purposes named, however small the amount may be, and that this will be done at once. The need is urgent; let there be no delay.

"By order of
"GRAND MASTER JAMES GARNETT.
"H. B. GRANT, Grand Secretary.

"From the Grand East, April 21, 1906."

PIONEER CITIZEN DEAD.

Isaiah L. Fox Dies Suddenly at the Home of John W. Twyman, at Hopkinsville.

Isaiah L. Fox, a pioneer Earlington citizen, died suddenly at the home of his daughter, Mrs. John W. Twyman, Tuesday morning, April 24, at the age of 77 years. The cause of death was heart failure, soon after arising. His death was wholly unexpected. Mr. Fox had been in poor health for many months, but it seemed only the falling strength of declining years. The striking spell to which he had for some time been subject were attributed to nervousness.

The deceased was born in Hopkins county, on the old Towns place, near Earlington, in November, 1828, and lived in this county all his life until last year, when he went with Mr. and Mrs. Twyman to Hopkinsville at the time Mr. Twyman found employment there. He was for many years a familiar figure here and everybody was his friend.

Three children, Frank Fox of this city, and Hampton Fox and Mrs. John W. Twyman of Hopkinsville survive.

The remains were brought here on yesterday's noon train and given interment at Grapevine cemetery beside the grave of his wife, who preceded him nearly two years ago.

Brief services at the grave were conducted by John R. Evans, who has for years been a co-worker with the deceased in the Missionary Baptist church.

The pallbearers were Messrs. J. M. Oldham, M. B. Long, W. C. Coyle, Leo Oldham, Carl Woolfolk and George O. Toy.

Madisonville Woman Injured in Runaway.

Mrs. Mollie Egbert of Madisonville was seriously injured in a runaway accident in that city Tuesday morning.

Mrs. Egbert had gone from the home of her daughter, Mrs. J. A. Winstead, to visit a neighbor. Her grandson, Noel Winstead, who drives a delivery wagon for Dunkerson's grocery, came to drive her home. When they reached there and Mrs. Egbert was getting out of the wagon the horse became frightened and, before the boy could reach its head, dashed down the street.

Mrs. Egbert fell backward, striking her side and head on the ground, rendering her unconscious.

An examination showed no broken bones, but is feared there are internal injuries.

Mrs. Egbert is 78 years old and weighs about 200 pounds.

RAILROAD CHANGES MADISONVILLE PLANS

Negotiations off for Purchase of Additional Rights of Way on Present Line.

GENERAL WORK OF REDUCING GRADES.

There is something of a stir at Madisonville over the announcement of withdrawal by the L. & N. Railroad of all negotiations for the purchase of the Nishit, McLaughlin and other property for which they have been offering, to give them additional track facilities through that town. The difficulty has been the prices which property owners have asked and the unwillingness of the railroad people to meet their figures.

It is reasoned that if the railroad people cannot go through the center of Madisonville with additional tracks they will go around but the route cannot be guessed. One thing is reasonably certain in this connection; that every effort is being directed to lessening grades on the Henderson division now and in the passage through or around Madisonville this idea will probably be carried out if practical.

Subj. Jno. W. Logsdon was here Tuesday but had nothing to say for publication in this connection. There is now a corps of engineers camped just south of Earlington who are working on the lesser grade proposition and expect to establish a general grade over the Henderson division that will bring the line nearer to a level than has been generally imagined possible.

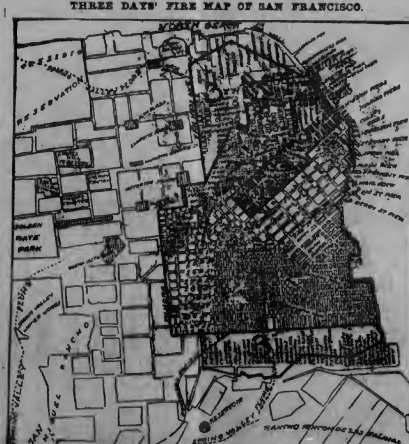

Henry Jones Accidentally Shot While on Duty.

Last Thursday night shortly after Watchman Henry Jones went on duty he was shot in the calf of the left leg by Roy Henry, a young man, who was across the street from Jones. The weapon used was a Savage rifle which inflicted a painful wound. Henry on firing the shot ran without waiting to see the extent of the injury or to offer any explanation of the act. No arrest was made as the shooting was thought to be accidental.

Hall-Brewster.

R. M. Hall and Mrs. Sallie Brewster of Madisonville, surprised their friends by quietly marrying at the home of the bride on Main street, Monday evening, Prof. Smith officiating. Mr. Hall is a member of the firm of Morton & Hall, in Madisonville, and a well known business man. Mrs. Brewster is an estimable woman and a native of this city.

THREE DAYS' FIRE MAP OF SAN FRANCISCO.

- 1.—Boundaries of the fire at midnight, Wednesday, April 18, St. Louis time.
- 2.—Boundaries of the fire at midnight, Thursday, April 19, St. Louis time.
- 3.—Boundaries of the fire at midnight, Friday, April 20, St. Louis time.

EARLINGTON DRAMATIC CLUB CONTRIBUTES TO SAN FRANCISCO

Donates \$50 Out of Treasury and Will Give Benefit at Providence.

The members of the Earlington Dramatic Club have enlisted in the San Francisco relief work. They have already contributed out of their treasury \$50 for that purpose and have planned to give a benefit at Providence next week. "My Uncle From Japan," which the club presented at Temple Theatre this season, will be put on at the Providence Opera House on the evening of Thursday, May 8th, and given to the relief fund for San Francisco sufferers. Dr. A. O. Sisk and Frank D. Rash visited Providence Monday, and John Long on Tuesday, making the preliminary arrangements for giving the entertainment. The play was greatly enjoyed by the patrons of Temple Theatre and so were the numerous musical and other special features for which it was made the vehicle. The club has decided not to reproduce this play in Earlington but may conclude to give an entirely new entertainment within the next few weeks.

PERCY LUSTER DEAD.

Alleged Custer Wife Murderer passes Away at Western Insane Asylum.

Percy J. Luster, who is alleged murdered his wife at Guthrie last July, died at the Western Asylum for the Insane at Hopkinsville Wednesday of last week.

Luster, it will be remembered, was manager of the Cumberland Telephone Company's office at Guthrie at the time his wife was murdered and fled to Oeden, Utah, where he was arrested and brought back to Kentucky for trial. He was confined in the Elkton jail until March 20th when he was adjudged insane and committed to the asylum at Hopkinsville.

HENRY LAWRENCE IS ADJUTANT GENERAL

Speaker of the House is Rewarded by the Governor.

Henry R. Lawrence has been appointed adjutant general of the state to succeed General Percy Haley, resigned to take position as member of the State Board of Control for Charitable Institutions. The new adjutant general has been steadily rising in political circles in Kentucky for several years. He is editor of the Cadiz Record. He has been three times elected to represent Trigg county and was elected speaker of the House at the last session, having been selected as the leader of the administration forces in that body.

ESTIMATED COST TO THE RAILROADS.

Free Relief Work During Next Thirty Days

WILL AGGREGATE ABOUT \$3,450,000.

Chicago, April 24.—It is estimated that free relief work for San Francisco during the next thirty days will be about \$3,450,000. The cost of one train of provision from Chicago to San Francisco is \$12,000. In addition to freight there is free passenger service in the state of California. None of the roads require payment for fare from refugees, but give free transportation to any point in California. Trains have been crowded to the steps for several days with the destitute people of San Francisco seeking relief places elsewhere out in the state and the doors of every town and hamlet in California are open with a hearty welcome.

CHERRIES \$100 EACH.

California Fruits Sold at Auction for Charity's Sake

Philadelphia, April 24.—The first consignment of ten boxes of cherries this season shipped from California on the 16th were disposed of at auction. By reason of the disaster they were sold for the benefit of the relief fund. The cherries were sold singly. The first cherry brought \$105, the next three single cherries sold for \$100 each, the next eleven brought \$55 and the whole consignment brought \$2,495.

Mr. and Mrs. John Bond

At Home.

A most elegant reception was given Thursday night by Mr. and Mrs. Jno. Bond at their home in New Jersey. The guests were Mr. and Mrs. Thos. Newbold of New Jersey. The spacious Atkinson home was brilliantly illuminated and looked indeed like fairyland with the profusion of pink roses, carnations, ferns and anemys, which decorated the reception rooms, while the dining room decorations were of pinks and white sweet peas. A mass of these dainty blossoms and many feathery ferns formed a centerpiece for the table with pink candles in silver candelabra on each end. As the guests arrived sweet strains of music filled the air, which continued throughout the evening, furnished by an orchestra hidden behind a bower of palms. Mr. and Mrs. Atkinson were assisted by Mrs. Newbold, Miss Black of Louisville, and Mrs. Paul M. Moore.

The guests enjoyed a delightful evening in social intercourse and dancing.

Delicious refreshments were served in four courses. The cakes, ices and mints carrying out the color scheme and decorations in pink sweet peas.

As the hour for departure drew near the guests reluctantly said good night to the genial host and charming hostess.

LOOKING AT COAL LANDS

Louisville Capitalists and Coal Expert Visit Nebo Country.

A party of Louisville capitalists, among whom were Mr. Kaufman of Kaufman, Straus & Co., visited Earlington Sunday and looked into the mines here, investigating conditions. They were accompanied by William Davidson, Ord of Landraf, W. Va., a coal expert, and Lawrence Rogers of Nebo, who is interested in a tract of land near Nebo, which was bought some months ago by the Louisville gentlemen and others. It is thought that the expert was sent down to investigate the property and this mining field, in the interest of possible purchases of the Nebo tract. The party drove here from Nebo Sunday afternoon.

K. P. A. to Meet at Grayson Springs.

The executive committee of the Kentucky Whens Association met Saturday at the Old Inn in Louisville and decided to hold the annual meeting this year at Grayson Springs July 28. After the session at Grayson Springs the association will adjourn to Bowling Green for a two-day meeting.

A QUAKE SHAKES OREGON

ACCOMPANIED BY A RUMBLING NOISE.

The Seismograph in the Weather Bureau in Washington Made a Record of It.

Portland, Ore., April 24.—A special to the Oregonian from Grand's Pass, Ore., says that at 1:12 o'clock Monday morning an earthquake shock was felt, accompanied by a rumbling noise which was plainly audible.

Nearly everyone in town was awakened. Furniture moved in the houses and several windows were cracked, but no serious damage was done.

The shock lasted for fifteen to twenty seconds and its course apparently was from east to west.

Another Town Has Earthquake.

Portland, Ore., April 23.—A special to the Oregonian from Gresham, Ore., says that an earthquake shock was felt there at 1:11 o'clock Monday morning. The shock was sufficiently severe to rock buildings and rattle china in the closets.

Shock Recorded in Washington.

Washington, April 23.—The seismograph of the weather bureau recorded a very faint earthquake shock beginning at 4:28 a. m. of April 23 and lasting until after 5 o'clock. The strongest part of the disturbance occurred from 4:30 to 4:35.

This disturbance, as registered at Washington, was very feeble, as compared with the records of the great earthquake that recently occurred at San Francisco.

Slight Tremor at Medford, Ore.

Medford, Ore., April 24.—A slight but distinct earthquake shock was felt here about 2 o'clock Monday morning. No damage was done.

FIRES IN LUZON TOWNS

Thousands Homeless and Starving in Marikina and Pail as the Result of Sweeping Fires.

Manila, April 21.—Fire swept the town of Marikina, in Rizal province. Many thousands are homeless and starving. Two thousand dwellings are in ruins. The government is rushing assistance to the sufferers. Fire also destroyed Pail, near Iloilo town of Cebu. Two hundred dwellings were burned and many persons are homeless.

PORTO RICO JUDGE QUITS

Federal Judge McKenna Telegraphs His Resignation to the President.

San Juan, Porto Rico, April 24.—Charles F. McKenna, of Pittsburgh, Pa., judge of the federal court of Porto Rico has submitted his resignation to President Roosevelt. It is reported here that the bar association is responsible for Judge McKenna's sudden resignation.

Four Lives Lost in a Fire.

New York, April 24.—Four lives were lost, early Sunday morning, in a fire which swept away a stable and a row of three-story frame flat houses in West Second street, near Park Place, Coney Island, and nearly thirty families were rendered homeless.

King Haakon's Coronation.

Coronation of King Haakon will take place in the last week in June.

MUNNELL WILSON NOT IN RACE.

Congressman Stanley has a Clear Field for Nomination

Representative Munnell Wilson did not qualify as a candidate for the Democratic nomination for Congress in the Second district, having decided to leave the field to Congressman A. O. Stanley, who will now have no opposition for the nomination.

Mr. Charley Martin Muehlenburg

County Filer Suit for Alimony.

Mrs. Charlie Martin wife of a wealthy Muehlenburg county farmer has brought suit against her husband John H. Martin for \$10,000 alimony but not for divorce. Mrs. Martin claims that her husband abused and treated her cruelly and that she was forced to leave him.

Mrs. Martin was formerly Miss Charlie Glenn Hobgood of Hanson and was married last January to Mr. Martin.

New Railroad Work to Begin.

It is believed that work on the Madisonville, Hartford and Eastern railroad will be begun in a short while. Bids were received Monday for the construction work and it is expected that the contract will be let shortly. There is a possibility of doubling this line will be built and quickly.

Tomorrow never comes; therefore prize today.

PAINFUL PERIODS

Life often seems too long to the woman who suffers from painful periods. The eternal bearing-down, headache, backache, leucorrhoea, nervousness, dizziness, gripping, cramps and similar tortures are dreadful. To make life worth living, take

Wine of Cardui

Woman's Relief

It quickly relieves inflammation, purifies and enriches the blood, strengthens the constitution and permanently cures all diseased conditions from which weak women suffer.

It is matchless, marvelous, reliable. At all druggists' in \$1.00 bottles.

WRITE US A LETTER

freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We will send free advice (in plain sealed envelope). Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

"I SUFFERED GREATLY," writes Mrs. L. E. Clevenger, of Bellevue, N. C., "at my monthly periods, all my life, but the first bottle of Cardui gave me wonderful relief, and now I am in better health than I have been for a long time."

LOCOMOTIVE BLASTS

Engineer Pat Burke, of Memphis, Tenn., visited friends and relatives here this week.

Fireman Dave Craig, of the interurban train, who has been resting up for the past week, resumed work Sunday.

Fireman Whittell was on the interurban during David Craig's absence.

Engineer Jas. McGrath, who was injured in a wreck at Goodletts, Tenn., several months ago, is again able to resume work.

Frank Sherman, air instructor of the L. & N. R. R., was in Nashville several days this week with the instruction car giving instructions and examining the men whose lay over is at that point.

Engineer Stanfield and Fireman Logan were down with Empire hill engine 511 Sunday having the boiler washed.

Business continues good on the Henderson division despite the warm weather. Large quantities of coal are being shipped and the chain gang crews are making good time both on the north and the south end.

Flagman Fred Ashby, of the interurban service, resumed work Friday after being on the sick list several days.

Harry Simmons, formerly employed as conductor on the Henderson division now with the Illinois Central at Princeton, visited friends and relatives here this week.

Engine 2109, used on the interurban train, which has been in shops here undergoing repairs will be ready for service in a few days. Engine 57 is in use on the interurban.

Brakeman Wm. Deberry was on the north end coal run several days this week.

Ellsworth Evans was acting express and ticket agent Sunday, J. H. Warner being off duty. The Louisville & Nashville,

having reduced its passenger fares on a part of its line near Louisville to half the ordinary rates, to compete with an electric line, will be called before the state railroad commission to defend its action, complaint having been filed with the commission that in making this reduction the L. & N. discriminated against the general public.

Leo Herb, who has been employed as day caller, is working at the round house in the transportation department.

Engineer Leonard Huff is resting up a few days this week.

Operator James Sanders is again stationed on the south end at the depot.

Hostler Strong is on switch engine 512 this week during the absence of Engineer Huff.

Pat Duffy has decided to get back to his key, and will be night operator at Guthrie, beginning in a few days. He will move from Earlington today and make his home at the country home of his father, Judge Duffy, near Guthrie.

Conductor Cortner has purchased a boat and will place it on Loch Mary. He expects to devote the larger portion of his lay over time at this place during the summer angling for the finny tribe.

Conductor Pittman has an interesting collection of pictures of scenes in Texas and Mexico. They were secured by him while on a trip through that section from which he has just returned.

Brakeman Fuqua has been assigned to the north end coal run under Conductor McDowell.

W. S. Martin, who for several years was superintendent of the Henderson and St. Louis divisions, now general manager of the Mexican National railroad, passed through Evansville Tuesday en route to Chicago, where he will attend a meeting of railroad officials. Railroad men from nearly every section of the United States, Canada and Mexico will be present or represented at this meeting.

Brakeman Anderson Martin, of the north end coal run, was off duty several days this week.

BEN HUR BENEFIT

Given by Earlington Home Talent to Crowded House.

"The Country School Marm," was produced by local talent at Temple Theatre last Friday night for the benefit of the local tribe of Ben Hur. No entertainment this season, perhaps excepting a good minstrel show, has been given a larger hearing. The large and once was liberal with its applause throughout the play. The Earlington Male Quartette was introduced between acts and received several encores. Little Miss Flora Lane also received a hearty encore in her song and dance act.

Better seats now for the Schubert Symphony Club concert. They are going fast.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-Bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery," is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so as to this, what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request, by postal card or letter, addressed to Dr. E. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1000-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing mail, to Dr. E. V. Pierce, Buffalo, N. Y. Cash-bound, 31 stamps.

HALL'S VEGETABLE SICILIAN Hair Renewer

A high-class preparation for the hair. Keeps the hair soft and glossy and prevents splitting at the ends. Cures dandruff and always restores color to gray hair.

FORMER EARLINGTON BOY RECEIVES DIPLOMA.

Chas. Wendleken, of Cloverport, Graduate From Louisville Medical College.

Among a class of forty-eight students of the Louisville College who will receive their diplomas as physicians on Tuesday, May 1st, is Chas. Wendleken, a former resident of this city, who now lives at Cloverport, Ky.

The spring commencement exercises of the college will take place at the Macaulay Theatre at 2:30 o'clock in the afternoon. Mr. Wendleken lived here with his parents for a number of years and is a brother of Bud Wendleken, of this city. Friends of the young man residing here are pleased to learn that he has passed a successful examination enabling him to graduate this year.

Family Reunion.

A delightful reunion of the Clark family was held yesterday at the home of Rufe Clark, in this city, it being the seventy-second birthday of his father, Mr. A. L. Clark. There were present his sons and daughters and their families, four generations being represented, who resided at different points all over the county, besides a few friends, 65 in number.

Mr. A. L. Clark was the oldest man present and the youngest a great grandson, Miller Clark, 11 months old, son of Wm. Clark, of near Nortonville.

Mr. Clark is hale and hearty and bids fair to celebrate many more birthdays.

NOT GOOD IN ARKANSAS

The Right of the Governor to Fill Official Vacancies, Poll Tax and Road Tax Laws Invalidated.

Little Rock, Ark., April 25.—The state supreme court has handed down a decision that invalidates three constitutional amendments. The case in point involved the right of the governor to fill official vacancies by appointment, and it was held by the supreme court that the amendment was not adopted, for the reason that it did not receive a majority of all the votes on that particular question.

The poll tax amendment requiring all voters to have poll tax receipts, and the road tax amendment, providing for a levy of a special three-mill tax for road improvements are affected in a like manner.

The official vacancies must now be filled by election under old law. The road tax can not be levied and poll tax receipts are invalid.

Four Lives Lost In Blast.

New York, April 24.—Four lives were lost in a fire which swept away a stable and a row of three-story frame flat houses in West Second street, near Park place, Coney Island, and nearly 30 families were rendered homeless.

THURSDAY, APRIL 26, 1906.

LET'S ALL DIG.

The work of beautifying homes is going on in an encouraging fashion in Earlington in many quarters, but everybody can do something if they will.

Let's get busy.

Spring time is the accepted time. Plant and prune and cultivate now and enjoy verdure and flower and fruit the season through.

We called attention to this last week and urged a general movement for these betterments that come with so little effort if properly directed at this time of year.

There are so many little things we can do that will count. There are fronts to clean—along where the pavement ought to be but where the winter coal pile was carelessly dumped or where the ashes have been heaped. Only in spots, we are thankful, do such conditions exist, but these spots should be cleaned up vigorously, and it will not be hard to do it.

If there is a place that does not afford a garden spot, so much the easier will it be to make the little front yard plot green and blooming. Not a foot of cultivable ground should be allowed to remain bare and unyielding about the little home place in Earlington or any other town in Hopkins county. Those who have not known the pleasure of making two blades of grass grow where but one grew before should get out the rusty hoe and spade this very day and put in seed, plants and trees.

It was a wise man who advised the lad to plant trees and admonished him that the tree would grow while he slept.

Let's all dig—and plant.

EARTHQUAKE LESSONS.

All men are not bad who may have a few hundred thousand dollars, or even a few millions, at their command. All are not righteous who are poor. The fearful San Francisco disaster is full of weighty lessons, not the least of which is the overwhelming proof that the human heart is one alike in high and low station and will respond unflinchingly to human suffering. The gifts, big as a king's ransom, that are being poured out of the banks of wealthy men of this country into the relief fund for the earthquake sufferers and the smaller hearty offerings of the poor ought to and will prove a very cement of brotherly love to bind together all phases of our national life, and should make us forget all the rant about "classes" and "masses" of which the demagogue is so fond.

This farming interest are encouraged all over Kentucky by the fine, reasonable weather that has permitted all farm work to go on in a very satisfactory way. There is a good start and a good outlook for crops generally.

10,000 POUNDS OF OLEO

Held by Internal Revenue Agents
Who Seized It Because It Was
Marked Butter.

More than 10,000 pounds of colored oleomargarine, which was seized by agents of the Internal Revenue office, are now in possession of the United States. The product is in cold storage, where it is being kept below freezing.

The colored oleo was manufactured by the Regal Pure Food Company, composed of Edwin Sutherland and T. H. Verries. It was being sold as "extra fine creamery butter," so the revenue officials allege, and was seized because it was found to be oleomargarine instead of butter. The penalty is a fine of \$1,000 and imprisonment in the penitentiary from one to five years. Mr. Sutherland, one of the proprietors of the Regal Pure Food Company, is also an attorney, and has been pushing the case against Collector Craft to recover money paid as special tax by Louisville oleomargarine dealers. These cases are now pending in the United States court.

PROGRESSIVE FIRM

Of Bailey & Co add new Apartment to the Big Busy Store.

Bailey and Co., of Madisonville have added to their progressive up to date store a first class meat market. This shop is furnished with a large meat cooler and is one of the finest to be found in the city. Bailey & Co will furnish the best of meats and have secured an expert cutter, Mr. Chas. Martin.

They have also added another reason for their delivery force and will be ready to make prompt deliveries of all orders.

Death of Joseph Davis.

Joseph Davis a well known resident of this county at the age of sixty five, died Friday evening at the home of Pete Ladson in the home country of yellow fever. The funeral was held Saturday afternoon and the burial was at Grapevine. Mr. Ladson is survived by two brothers and two sisters, Verene and John Davis, and Mrs. Ed Wiley and Mrs. Frank Nurse of this city.

Gaining in Popularity Daily.

MT. CAPULIN IS WAKING UP New Mexico's Extinct Volcano Rumbling to Life Following Earthquake Shocks.

Trinidad, Col. April 22.—Two distant Mount Capulin is 10,000 feet high and was active half a century ago, when it wiped out two towns and caused heavy loss of life.

The volcano is surrounded by numerous prosperous towns, of which Poison, with a population of 3,500, is the largest. Among them are Trouburg, population 200; Emery Gap, 150; K'owa, 250; Apta, 100; Des Moines, 125; Emery, 100. They are all mining camps, and machinery and other equipment to the value of millions are in danger, besides the residences and business houses.

HAWAII ROCKED BY QUAKES Vibrations Lasted Six Minutes, and Caused a Panic in Honolulu.

Honolulu, April 21.—Earthquakes rocked the Hawaiian Islands for six minutes. Several houses were demolished in Honolulu, and the residents were panic stricken. Crowds rushed from the swaying buildings in the business district and attempted to make their way out of the city. The vibrations caused the water to rise rapidly in the harbor, and for a time it was feared that the city would be swept by a tidal wave.

The authorities were forced to appeal to the men of war anchored in the harbor for assistance in restoring order. A large force of marines was landed and policed the city. No estimate of the damage has been obtained.

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the strongest Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this great medicine cannot do the best work if the liver is inactive and the blood is impure. For the best possible results, you should take laxative doses of Ayer's Pills while taking Sarsaparilla. The liver will quickly respond, and so will the blood.

BABY'S TORTURING SKIN HUMOR

Ears Looked as if They Would Drop
Off—Body Entirely Covered—
Face Mass of Sores—Three
Doctors Could Not Cure—Child
Grew Worse—Face and Body
Now Clear

CURED BY CUTICURA
IN TWO WEEKS FOR 75c.

Mrs. George J. Steele, of 701 Coburn St., Akron, Ohio, tells in the following letter of another of those remarkable cures of torturing, disfiguring skin humor daily made by Cuticura Soap, assisted by Cuticura Ointment, after physicians, and all else had failed: "I feel it my duty to parents of other poor suffering babies to tell what Cuticura has done for my little daughter.

She broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was being eaten away; her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of Soap and box of Ointment the sores had all healed, and my little one's face and body were as clear as a newborn babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents, which is all it cost us to cure our baby, after spending many dollars on doctors and medicines without any benefit whatever."

Complete History and General Treatment for every Humor, from Pimples to Scalds, from Itchiness to Aps, Ringworm, Eczema, Eruptions, etc., etc. Send for free. The name of Cuticura, Cuticura Soap, per retail 40c, and box of Ointment, 40c. A complete cure when the most discreditable cases. When all other remedies, and even the best physicians fail. Put on Cuticura Soap, and Cuticura Ointment. "All About the Skin, Scaly and Itchy."

HECLA NEWS.

The following program was rendered by the Hecla Sunday school last Sunday, April 22.

Concert Recitation—Psalm of Life.
Singing.
Responsive Reading
Prayer.
Singing.
Reading of Mission Stories.
Concert Recitation—I Am a Busy Bee.
Collections.
Singing.
Address—Rev. S. R. Crockett.

Reading of Missionary Leaflet.
Recitation—XXIII Psalm.
Responsive Reading of Closing Exercises.
Singing.
Dismissal.

Mr. Crockett's address was both entertaining and instructive. Besides giving some amusing anecdotes of the people of the mountains of Kentucky, he told much that was pathetic and calculated to arouse our sympathies. He also gave a description of the two boats for the Congo river in Africa, which had lately been built by the children of Mrs. Edwin Martin, Sunday schools.

The Hecla school will close on the 27th of April.

Mrs. Charles Wicks and daughter, Miss Emma, and her two sons of Nortonville, spent Sunday with A. J. Wilson and wife.

Little Ona Bell Estis has been quite sick the past week.

B. C. McKenzie, wife and daughter of Madisonville were the guests of Mr. and Mrs. Wilson on last Sunday.

John Jennings and wife of Morley, Mo. are visiting for a few days at the residence of their son, W. F. Jennings.

Messieurs Fagan and Mandy Wilson were the guests of A. J. Wilson and wife last Sunday.

A. W. Groves expects to move his family to California about May 1.

Another Good One.

The offering for next Friday at Morton Theatre April 27, the well-known Regal Pure Food Co., in the old favorite. This roasting laugh-incubator is presented by a company of which Miss Etta Morris, the chic comedienne, is the star, and also is surrounded by a company of clever versatile people, including a chorus of handsome girls who can sing, dance and make merry, as well as wear becoming artistic costumes, with Fred Godding as leading comedian. The play itself has been revised, much new and pleasing matter has been added, making it an entertainment second to none and exceptionally meritorious from start to finish. Prices 25, 35, 50 and 75 cents.

Stockholders' Meeting.

The annual meeting of the Stockholders of the St. Bernard Mining Company is called to convene in the general office of the Company at Earlington, Ky., on Wednesday, May 9th, 1906, at 11 o'clock. This April 9th, 1906. Geo. C. ATKINSON, Sec. and Treas. St. Bernard Mining Co.

MINING NOTES.

Meers, Geo. and Jno. Shaw, of Mortous Gap, were in the city on business Saturday evening.

Wm. Griggs, of Mercer Station, Ky., visited friends and relatives here last week.

Operation of mine No. 1 of the Nortonville Coal Company was resumed Friday. Mine No. 2 will begin work as soon as the necessary arrangements can be made. Both mines have been idle since the destruction of the company's power house on March 23 and the work of rebuilding has been rapidly pushed.

As the result of a dust explosion in a mine of the Col-

orado fuel and iron company, forty miles west of Trinidad, Colo., shortly before noon Sunday, twenty-two miners were killed. There were forty men in the mine at the time of the explosion. Seventeen miners who were working 3700 feet from the entrance escaped uninjured through another opening. The explosion was the result of a windy shot which ignited the gas.

The towboat Sprague, owned by the Monongahela River Consolidated Coal and Coke company, arrived at Louisville Monday with twenty-eight boats, containing 672,000 bushels of Pittsburgh coal. This is the largest southern shipment made since the threatened strike was averted in the Western Pennsylvania coal field.

The track of the street car company at Owenboro to the coal mine near that city is completed and coal is now being delivered from the coal station there. The output of the mine to which the street car extension runs is being delivered to the factories of the city and also the street car power house. The mine is being worked at present in such a way as to drive entries, so that next fall rooms can be extended in every direction from these entries so that a great many miners can be accommodated.

This is the time of the year when work at the mines usually becomes dull and the men have several days each week in which to rest. All of the mines in this section are now and have been running full time since fall, and the miners who would plant gardens or hied away to Locust Mary for a few hours will have to defer these desires until the demand for coal ceases.

While drilling on the Jones farm, about three miles north of Dawson, Tuesday, Cordie Chappell discovered a six foot vein of coal. Mr. Chappell has been making tests in that section for some time and as the indications are that this is a valuable find a mine will probably be opened in the near future.

Bears the Signature of *Chas. H. Hutton*

IMPORTANT EVENTS OF RECENT OCCURRENCE.

Federal government is watching any attempts at filibustering against Venezuela.

The state department hopes that Castro's temporary abdication may be permanent.

Pittsburg steel mills overcrowded with orders, and San Francisco will have to go abroad for structural material.

President Roosevelt is making strenuous efforts to resurrect the Philippine tariff bill.

Chairman Shoup says Panama canal is in little danger of earthquake. He says congress should decide the type of canal at once.

Rulers of nations called President Roosevelt their sympathy for the American people over the destruction of San Francisco and other California cities and towns, and the great loss of life.

Secretary Taft says muddle must be settled by senate, or he will stop work on canal.

Burlington railroad and two of its traffic officials convicted of rebate payments and fined \$60,000 in the federal court. Severe exhortation from the bench.

Miners offer to arbitrate further with the soft-coal operators at Indianapolis conference.

Rebellion and anarchy threaten France. The red flag is flown, and the law asserted at by thousands.

Senator La Follette says railroad bill is inadequate; that nothing short of government control will prove satisfactory.

It is reported in St. Petersburg that Father Gapon has been hanged by rebels, who discovered him selling as a spy.

MOST HORRIBLE DISASTER IN HISTORY

NEWSPAPER MAN SAYS THAT WILL BE VERDICT OF WORLD WHEN ALL IS KNOWN.

The Human Suffering Could Not Be Described By Any Pen That Has Yet Enlightened the World—The People Have Much Yet to Endure.

Oakland, Cal., April 24.—When the world knows all that has happened in San Francisco it will realize that the great city of the Pacific has endured the most horrible disaster since the beginning of history.

More than three-quarters of the city are in utter ruin. Three hundred thousand people are sleeping on the ground in the parks and in the fields. The monetary loss is beyond calculation.

The human suffering could not be described by any pen that has yet enlightened the world. The authorities are handling the situation with splendid skill.

Marital law is absolute. Looters and disorderly persons, of whom I am happy to say there have been but few, are promptly shot, as there is no time to question them.

Thus far the absolute necessities have been met, but the people of San Francisco have much to endure yet, and sorely need the aid of their fellowmen.

"IT WOULD DELIGHT US TO FIND SOMETHING TO CURE THIS DEAR OLD SUFFERER."

HOSPITAL, PHYSICIANS SAID:

Mr. R. W. Hume, St. Louis, Mo. RICHMOND, IND., Nov. 21, 1914.

DEAR SIR: The abject patient I whom I am so much interested was sent to me by a friend who told me that the sufferer was "Zemo," and her mother was ill. Her mother has been poor for some time past, suffering mainly from spinal trouble, according to the diagnosis of the doctors in attendance. She has been a hard worker all her life, having made the living for her family by her own hands. Some what over a year ago she began to "break her back." It gradually grew worse and worse until her entire body was affected, the legs being a mass of nerve pain, and she was unable to do any work. She was so much distressed at times that it was impossible for her to sleep at night. The doctors pronounced her to be "Zemo," and she was sent to me. I would delight to find something to cure this dear old sufferer. "Zemo" is a first name for the upper part of the body and soon relieved the patient of the terrible distress caused by the twisting and turning. It is a cure that has been known for many years, and it is a cure that is now being used in the most successful manner. It is a cure that is now being used in the most successful manner. It is a cure that is now being used in the most successful manner.

WILL BE NO CLASH OF AUTHORITY

DR. DEVINE HAS ARRIVED IN
SAN FRANCISCO.

TODIRECT RED CROSS WORK

The General Committee Assured
That the Red Cross Representa-
tive Will Work in Harmony
With Them.

San Francisco, April 24.—It was announced at the meeting of the general committee, Tuesday, that Dr. Devine, who has been placed in charge of the Red Cross work, had arrived and would immediately confer with Mayor Schmitt. There seemed some fear on the part of the committee that President Roosevelt's proclamation turning over matters to Dr. Devine would put the municipal committee in the background, but the committee has been assured by Congressman Kahn that Dr. Devine has been sent to co-operate. United States Circuit Judge Morrow made the same statement, saying that he had been in communication with Secretary Taft by telegraph. A general conference will be held at Fort Mason by Mayor Schmitt, Gen. Grevelly, Gen. Funston and the city finance committee. At this conference all questions of procedure will be arranged. The relief and supply committees have reported that all refugees are being cared for, and there is plenty of food. If anything, supplies are being distributed too lavishly, but measures to economize will be put in force at once.

Dr. Ward, of the board of health, reported that the conditions were first class, and that there was very little sickness of any kind.

"There is absolutely no danger of an epidemic," said he. He said thousands were at work removing rubbish and improving sanitary conditions all over the city.

Disposing of the Wreckage.

San Francisco, April 25.—As a welcome relief to the officials and citizens of San Francisco who have looked upon the ruins of the city and upon the monstrous piles of bricks and stone and twisted iron that were once their homes and places of business, is the announcement that the Southern Pacific railway will aid in any way in the work of tearing away the debris. The railroad officials are ready to build a track through the heart of the devastated city from Harrison street to the bay, and to run their flat cars in for the wreckage that must be removed before new buildings can arise and normal conditions be restored. In this great work it is announced that between 3,000 and 4,000 men will be employed. The railroads will carry the debris wherever the authorities want it taken, and by so doing will make possible the performance of the enormous task that has been terrifying to those who looked forward to it with the knowledge that it must be done.

Temporary Shelter.

San Francisco, April 25.—Temporary structures are being erected in Golden Gate park for the housing of 40,000 people. This work was commenced Tuesday morning by the shelter committee, and the homeless who have been sleeping out of doors for nearly a week are moving into comfortable quarters. About the same time a supply of blankets and bedding was received, and these have been taken to the park. At present there is little suffering, and before a week it is expected the refugees here will be comfortable. These temporary structures have been built to accommodate about 1,000 people each, but the work of improving them will be vigorously attended to.

At the same time the committee is sending as many of the refugees as possible to interior points.

Food Distribution.

The city has been laid off in districts covering areas of four blocks. The sub-committees in these districts regulate the supply of food furnished to the families living within their boundaries. The object of Oscar D. Cooper, chairman of the committee in forming these committees, is to prevent the waste of supplies. He has determined there shall be no destruction, and that every particle of food sent here shall be properly used. Moreover, he is anxious to re-establish the retail business among the grocers. With that end in view, he has recommended that all the small dealers having stores in the unburned district shall at once throw open their doors, and as an incentive he has promised them full protection.

Among the Sick and Destitute.

The California division of the Red Cross society, which has established temporary headquarters on Washington street, is working day and night, aiding the sick and destitute. According to its reports the general health is good, most of the thousands of cases being minor ailments. An occasional case of sickness is reported, the sufferer is taken into one of the many Red Cross stations established in the western addition, and at the Presidio.

There is No Epidemic.

San Francisco, April 25.—"Say to the people of California, of the United States and of the world, that there is no epidemic in San Francisco and no danger of one. If we are not entirely free of contagious diseases, we at least have fewer of them than we have under the circumstances any right to expect. Indeed, we have at this moment fewer cases of such diseases than we had ten years ago, and there is nothing in the present condition of affairs in San Francisco that would lead us to medical

men to fear an outbreak. The sanitation of the city is absolutely under control. We wish to impress this upon the people of San Francisco and of the outside world, for I have information that leads me to believe that alarmist reports, emanating from certain sources in San Francisco, may result in an embargo being placed upon the movements of refugees from the city.

"The calamity we have endured is certainly unfortunate without adding to it this additional and unwarranted distress."

This statement, made by Dr. J. W. Ward, chairman of the health committee, at the meeting of the general committee.

Preparing to Pay Out.

San Francisco, April 25.—The high officials of the commercial banks of San Francisco held another meeting Tuesday. The principal business transacted was the decision to appoint a general committee of nine with full power to provide means for the paying of depositors in general and to make all necessary arrangements for the resumption of business in every branch by the banks.

After the meeting Homer S. King, president of the clearinghouse association, who is presiding at the present conference, said:

"We have made arrangements to pay out funds as rapidly as possible and to his end we have reached an understanding with the United States officials whereby the money will be paid at the mint. Details of the plan have not yet been fully worked out, and we will not be able to pay out any money for several days."

BATTLE WITH INDIANS An Unverified Report of a Battle With Indians On the Umatilla Reservation in Oregon.

Pendleton, Ore., April 25.—A report has reached here, which can not be verified, owing to telegraph wires being down, that a battle has taken place on the Umatilla Indian reservation between cowboys, Indians and troops. It is reported that three soldiers and three Indians were killed. It is alleged that some cattlemen had driven stock upon a remote part of the reservation. The Indians, it is reported, protested, but were resisted. The troops are said to have gone to the Indians and the battle resulted. At Adams, the nearest point to the scene, the rumor is fully credited.

PHILIPPINE RAILROADS The First Corps of Civil Engineers to Construct Government Roads Have Departed.

Kansas City, Mo., April 25.—The first corps of civil engineers sent to construct railroads for the United States government in the islands of Panay, Negros and Cebu left Kansas City Tuesday night on a special train en route to the Burlington railroad for Seattle, whence they will sail for the Philippines on the steamer Minnetonka on Saturday next. The party includes doctors, menographers, office men, and in fact an entire railroad organization.

Philippine native labor is to be used entirely in the actual work of the construction.

MEXICAN GIRLS MISSING

Two Daughters of Vice-President of Mexico Are Missing in San Francisco.

Washington, April 25.—Vice-President Correll of Mexico has requested the department of state to have the military and local authorities of San Francisco make a search for his two daughters, who, he fears, have been lost in the earthquake.

The young women were attending school in California when the calamity occurred. One was in San Francisco and the other was in San Jose. Nothing has been heard of them since San Francisco was destroyed. Secretary Root has requested Gen. Funston to make an effort to locate them.

WAS GUILTY OF PEONAGE

Arkansas Planter Pleads Guilty to Compelling a Negro to Work Out a Debt.

Little Rock, Ark., April 25.—John Dickey, a prominent planter, residing near England, Lonoke county, pleaded guilty in the federal court to a charge of peonage. His punishment was fixed at a fine of \$1,000 and costs, which he promptly paid and was discharged from custody.

Fatal Dispute Over Fifty Cents.

Ilmo, Mo., April 25.—G. W. Carleton, a railroad man of this place, was struck on the head with a double-barreled shotgun by Alfred Betts and died in a few hours. The trouble was over 50 cents. Carleton and J. T. Turner hired a rig from Frank Betts, a liverman of this place. When they returned there was a dispute over the price of the rig. Betts said he set no price, while Carleton and Turner asserted they were to pay \$2. Betts charged them \$2.50. For a time it looked as though there might be a lynching.

Relief Resolution Signed.

Washington, April 25.—President Roosevelt has signed the joint resolution of congress appropriating \$1,500,000 additional for the relief of the San Francisco sufferers.

Castro Has a Stroke.

New York, April 25.—A cable dispatch to the Herald from Willemstad, Curaçao, says: Former President Castro has had a slight stroke of paralysis, but has now recovered.

COLORED COLUMN

EDITED BY JAMES E. TODD.

Prof. S. M. Watts, state grand chief of the Good Samaritans, made his annual visit to Meade Elkins Lodge No. 15, of this city, from Painton, Ky., last week.

Rev. Mary Mins preached Sunday at the C. M. E. church.

Mrs. Cella Noel, of Sebree, visited her daughter, Mrs. Cora Epps, Sunday.

Rev. M. D. Sharp, Rev. Wm. Ervin, Rev. R. B. Whitesides, Rev. J. H. Edley and Rev. Dr. P. H. Kennedy, Messrs. Last Easter and W. H. Khoston visited our city Sunday.

Mrs. Fannie Driver and little Bertha returned on the 21st after spending the Easter holidays in Henderson visiting friends and relatives.

Wednesday evening was enjoyed by the marriage of Rev. R. T. Tolliver and Miss Mary Belle Simmons, Rev. Keeton officiating.

Mr. Isaac Waters, of Howell, visited friends here Friday.

Mrs. Ida Campbell and Mrs. Mattie Gray have returned from Princeton.

Rev. Manuel Martin preached at Barnsley Sunday.

Rev. M. D. Sharp preached for Rev. Keeton Sunday morning.

The B. Y. P. U. sermon was preached Sunday evening by Rev. R. B. Whitesides to a large audience.

Rev. Dr. P. H. Kennedy officiated the pulpit of Rev. Keeton Sunday night.

Mr. Wiley Johnson has moved his family on Lake Heights for the summer.

Mr. Henry Davis and wife spent Easter in Hopkinsville.

Mrs. Ada Jones, of Madisonville, visited her sister Saturday.

Madames Susie Walker, Mattie Hines, Jake Bogus, Gertrude Potter, Jennie Woodson, Mr. Lee Kirby and Miss Myrel Ratcliffe and Beanie Amos are on the sick list.

At a regular meeting of Zadok Lodge No. 30, P. & A. M., held April 12, 1906, the following resolutions were adopted:

Whereas, it has pleased Him who doeth all things right, to call from the labors of this life to a home in Heaven our beloved brother, J. B. Hawkins, who was made a Mason Nov. 16, 1901. Died March 22, 1906.

Whereas, in him the rough ashler of imperfect human nature was shaped and fashioned by virtuous and moral education into the perfect ashler, a fit component part of that building not made with hands but in the celestial lodge above.

Whereas, he so regulated his life by the plan of duty, and squared his actions by the square of truth and virtue as to make it fitting that we record our appreciation of him as a man and a Mason.

Therefore be it Resolved, That in his death Zadok Lodge has lost one of its noblest and strongest members. Free Masonry one of its brightest and warmest supporters, his family a devoted and indulgent husband and father and the community a worthy and upright citizen.

Resolved, That while we extend the deepest sympathy to the afflicted relatives and friends of the deceased we express an earnest hope that so great a bereavement may be overruled to their highest good.

Resolved, That a copy of these resolutions be spread upon the record of this Lodge and be published in The Earlington Bee and that the brethren wear the annual badge of mourning for 30 days.

(THOMAS VANCE, Committee) (WM. HANCOCK.

HIGHLIGHTED NEWS.

New Are Your Shingles? Dr. Hobbs' Shingles Pills cure all kidney and bladder troubles. Add Burlington, Mass., to Chicago or N. Y.

Champion Automobile Town. Oak park, a suburb of Chicago, now claims to be the champion automobile town of this country. Philander Barton, who lives there, says there are 82 automobiles owned in Oak park and nine in River Forest, while orders have been placed for immediate delivery of 25 more. Oak park will then have over 100 cars, about one car to every 150 people.

Stomach and Liver Trouble Cured. Orin Lassive Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and chronic constipation. Orin Lassive Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. John X. Taylor.

Special Agent Burrill writes that China is a good field for American dairymen and horticulturists to study. He thinks that expert examination will find evidence going to show the possibility of putting American butter and fruits in the Chinese markets in constantly increasing quantities.

Don't drug the stomach to cure a cough. One Minute Cough Cure cuts the mucus, draws the inflammation out of the throat, lungs and bronchial tubes, heals, soothes and cures. A quick cure for croup and whooping cough. Its constantly increasing use for many years tells of the fact of its absolute usefulness. Sold by Jno. X. Taylor.

"The Hoosier Girl."

The rural three-act comedy, "The Hoosier Girl," was presented to a very large and appreciative audience at the Temple Theater Monday evening. Miss Kate Watson as Roxanna Peabody, "The Hoosier Girl," and Gus Cohan as Heinrich Whetzel, the humorous Dutchman, kept the crowd in good spirits and a mirthful state of mind by their droll sayings, songs and flashes of wit and humor. The play was a typical one of the Hoosier state and of the farm life on the banks of the Wabash. A humorous vein permeated the entire production.

"The Beggar Prince."

In that refreshing comic opera, "The Beggar Prince," an interesting story hinging on the trials and tribulations of the Beggar Prince and abounding in catchy music, pretty dances and witty dialogues, seems to introduce a capable company of which Miss Etta Merrie, the clever comedienne, is a leading member. There is no villain, no crime, no suggestion of evil—just fun and plenty of it. A newspaper man after witnessing a performance of this play remarked, "It leaves you with a pleasing taste in your mouth and a feeling of happiness and good will to all mankind." Fred Gooding is leading comedian. At Morton Theatre. Prices 25, 35, 50 and 75 cents.

The Schubert Lady Quartette.

Those delightful vocalists, the Schubert Lady Quartette, of Chicago, will appear at the Temple Theatre on May 8 under the auspices of the K. of P. Lodge. Lovers of a splendid singing should not miss this splendid entertainment.
